DAVOS

1,560 M A.S.L.

Sporting paradise, spa town, congress town, cultural centre and après-ski meet amidst a beautiful mountain landscape.

Davos is the ideal starting base for exploring the unspoiled nature in the Flüela, Dischma and Sertig valleys or the Walser villages of Monstein and Wiesen. The Schatzalp lies high up on a sun-kissed terrace directly above Davos at a height of 1,861 m.a.s.l., also known as the «Magic Mountain». The mountain was made world famous by the German writer and Nobel Prize winner Thomas Mann's novel «The Magic Mountain» (1924) and served as the backdrop for various TV productions such as „The Youth“ and the spy series „Davos 1917“.

KLOSTERS

1,200 M A.S.L.

Klosters is synonymous with its chalet-style village character. Its charm was discovered by American film stars and the British Royals.

The unique Schlappin, Monbiel and Vereina valleys and the high-alpine region around the Silvretta glacier are all within easy reach from Klosters (and the neighbouring villages of Serneus, Saas, Küblis). Klosters has been one of the most family-friendly holiday villages in Switzerland for many years. The Madrisa Land «World of Legends and Fantasy», situated high up on the mountain overlooking Klosters, offers guaranteed family fun in summer as well as in winter.

BEST OF THE ALPS

Davos Klosters is one of the founding members of «Best of the Alps», an amalgamation of eleven traditional Alpine holiday resorts.

Best of the Alps represents a bond with local culture and the harmonious mix of original tradition and progress. The eleven resorts are some of the real pioneers in skiing and mountain holidays and guarantee the very best quality of vacation in one of the world's most magical landscapes – the Alps. Joint marketing campaigns are a core element of the resorts' cooperation.

HAPPINESS IN
POWDER SNOW

FREERIDING / TOURING

Cable car up, freeride down through pristine powder snow slopes and then take the bus or train back to the valley station – that's the benefit of Davos Klosters for fans of powder snow skiing. The expansive freeriding and ski-touring regions can also be discovered without mechanical assistance in the side valleys – paying attention to nature protection and conservation areas. We would recommend booking the service of a mountain guide.

ICE SPORT

Davos Klosters has a long tradition in ice sports – the first Davos ice rink opened back in 1869. Today, the region is the centre of Switzerland’s ice sport scene. This is ensured by one of the most beautiful ice hockey stadiums in Europe and other artificial ice rinks that can be used for ice skating, ice hockey, speed skating, curling and Bavarian ‘ice stock’ curling.

At the sports centre in Davos, you will find the mobile ice adventure landscape “Davos World of Ice” with countless attractions. In addition to a 300-metre-long, oval ice rink for skating and ice stock curling, the “Davos World of Ice” features a large central rink, where young and old can engage in the fascinating sport of ice hockey.

Tips:

- Sports centre / Davos: put your ice skates on and live your skating dream
- Seehofseeli / Davos: the beautifully situated ice rink is also open every evening
- Artificial ice rink / Klosters: practise skill and precision during a curling game.
- Ice mini golf / Lake Davos: the view should not distract from the fact that the puck has to be pocketed with a hockey stick and a lot of feeling.

RAIL EXPERIENCES

The Rhaetian Railway has always been synonymous with first-class railway experiences. Both the Wiesen and Landwasser Viaducts lie not far from Davos. The Wiesen Viaduct (opened in 1909) inspired the famous painter Ernst Ludwig Kirchner in his painting „Bridge near Wiesen“ in 1926. The Landwasser Viaduct is no less imposing: 142 metres long, 65 metres high and supported on five masonry pillars. A visit to the artificial building is always worthwhile. The „Viaduktplatz“ near Filisur is the perfect place to do so. In summer it is easily accessible from Filisur railway station by choo-choo-train.

Experience vintage and adventure at the same time on the slightly different train journey with the crocodile locomotive. The journey leads from Davos through the wild and romantic train gorge, over the famous Wiesner Viaduct to Filisur.

FOR GOURMETS

CULINARY

Davos Klosters is home to award-winning restaurants that celebrate the breadth of cooking craftsmanship as well as small, but fine restaurants that produce typical Grisons specialities. Over 140 restaurants (three of which have 15 or more Gault-Millau points), from centrally located gourmet restaurants to cosy inns in the tributary valleys, are guaranteed to deliver unforgettable culinary highlights.

APRÈS-SKI / NIGHTLIFE

Davos Klosters is known as the party resort of the Alps. The Jatzhütte and the Bolgen Plaza, as well as Gaudy's Graströchni, are the main après-ski hotspots and are located directly on the slopes. The legendary Ex-Bar and the two nightclubs, Pöstli Club in Davos and Casa Antica in Klosters, are ideal for night-owls.

APRÈS NORDIC

Unlike après-ski, the party doesn't start on the cross-country ski trail. While many skiers miss the jump in the iconic ski huts, the lounge concept in chalet flair at the cross-country centre provides for a relaxed end to the afternoon. There are even warm winter jackets from Daehlie available for hire after training. Après Nordic in Davos is nevertheless record-breaking, as it is so far unique in Switzerland.

MOUNTAIN LODGES / SAC HUTS

Mountain lodges and SAC huts located amidst the unique mountain landscape around Davos Klosters provide simple and comfortable accommodation for Alpine hikers, climbers, mountaineers, families and lovers of nature. A visit to one of these huts provides an unforgettable experience of the mountains and offers the possibility of experiencing nature, the environment and culture up close.

davos.ch/mountain-huts
klosters.ch/mountain-huts

Tips

- SAC Grialetsch Hut: situated on a mountain lake with a view of the Grialetsch glacier
- Dürrboden mountain inn: located at the top of the Dischma Valley with a large sun terrace

SHOPPING

Davos, the «Alpine metropolis», comes into its own when it comes to shopping: boutiques, internationally well-known brands, watches & jewellery, leatherware, local crafts and countless sports shops guarantee a first-class shopping experience. In contrast to this, Klosters is home to small, refined shops with a sense of style, class and authenticity.
